Net weight: 26,85 mg / 60 capsules

**Product is based on a summary of worldwide scientific research and knowledge in the field of immunology, nutrition and rediscovered holistic approach to human body care.**

Worldwide shipping.

**Nucleotides are the basic units that build DNA and RNA** nucleic acids, whose importance in the body lies in the ability to regenerate and form new cells. They are also a component of important cofactors that participate in the biochemical processes of our body. The demand for nucleotides increases during the development of children, strenuous physical and mental work and the elderly.

**Ingredients:** magnesium bisglycinate, dried grape, pork gelatin (capsule shell), Juvenil (set of nucleotides, low molecular weight peptides and amino acids), pyridoxine hydrochloride.

**Usage:** product dedicated for adults and children over 3 years old.

**Adults:** 2 capsules a day. **Children over 3 years:** 1 capsule a day. Children are recommended to spill the contents of the capsule and consume with food or water.

In order to achieve a physiological effect, the manufacturer recommends a minimum three-month treatment. Do not exceed recommended servings for consumption during the day.

The recommended daily allowance contains:

children over 3 years,

adults,

1 capsule

2 capsules

---

Magnesium	56,25 mg (15% RWS)*	112,5 mg (30% RWS)*
Juvenil	0,75 mg	1,5 mg
Vitamine B6	0,21 mg (15% RWS)*	0,42 mg (30% RWS)*

\* RWS - Daily reference intake of vitamins and minerals (for adults)

The basis of all **JUVENIL** products is a complex of substances extracted from animal tissue of the highest quality. All ingredients of the **JUVENIL** line are natural and completely non-toxic. Their first-class quality and research-proven efficiency is our top priority. This unique complex is then complemented by ingredients that are deficient in the population and that enhance the efficacy of an already extraordinary product, such as highly absorbable chelated magnesium, antioxidative vitamin C and others.
