

Discover a modern product being a combination of natural Juvenil kit and vitamin C

high bioavailability
liquid form

for adults and children
over 1 year old

small daily portion

children only 1.5 ml, adults 3 ml
once a day

Juvenil is acquired
from a natural source
a set of nucleotides,
low molecular weight
peptides and amino acids.

Juvenil is the latest product
Czech immunologists,
effect over fifty years of research
into the acquisition and use
nucleotides in supplementation.

The product does not contain
allergens, substances preservatives,
sugar and sweeteners.

Juvenil plus vitamin C

is a serving dietary supplement
to complete normal daily diet
in periods:

- increased effort
(hard physical or mental work)
- fatigue and stress
- after diseases and long-term treatment
- after chemo and radiation therapy
- after injuries and operations
- recurrent viral infections
- weakness and reduced immunity

**Don't wait mindlessly
for the coronavirus.
Give your body a chance
to defend itself.
A strong body overcomes
viruses without any symptoms.
You can do that too.**

Vitamin C helps in proper functioning
the functioning of the immune system.
